Volunteer Board Members

The RRD*i* has finally reached the point where a CPA will file the proper forms necessary to get 501 (3) (c) recognition from the Internal Revenue Service of the USA for around \$650 or so and has given suggestions on how to go about doing this. The first order of business is that the CPA suggests having ten board members rather than five. Two members need to be residents of Hawaii and the others can be on the mainland USA. A few can be from other countries. He suggested having an intern medical doctor who just graduated from medical school in dermatology to sit on the board since that will help get the IRS approval.

To go about doing this I suggest you join the yahoo group formed by the RRD*i* for discussion at this url >

<http://health.groups.yahoo.com/group/irosacea/>

This is where we will get the volunteers to be on the board and elect officers using the yahoo polls. Please let the group know if you will volunteer as a board member.

I also suggest you join the RRD*i* if you already haven't done so at this url >

<http://www.irosacea.org:80/tinc?key=XQYOfJXa&formname=joinrrdi>

Board members **MUST** be members of the RRD*i* by joining at the url above. Voting members must also be members of the institute. Your vote will be compared with the master list of the RRD*i* to confirm the validity of your vote. The RRD*i* would like the majority of the board members to be rosaceans. There will be a moderator for the discussion which will be Warren Stuart, acting director of the RRD*i*. Please join the discussion which will be limited to selecting the board members.
