Special Announcement

Warren Stuart, Assistant Director, RRD*i*, has spent many volunteer hours transferring the RRD*i* website over to his server and setting up a new join page database that integrates easily with the volunteer database as well as the Newsletter. He has also finished the new private forum for corporate members who may wish to address their concerns to the board of directors and the medical advisory committee. Thanks, Warren, for your countless hours of volunteer work.

In order to use this new database, please go to this url >

<http://www.irosacea.org/html/join.html>

You will have to re-enter all your information. Sorry for this inconvenience but the previous database will not integrate into the new one and all the data has to be re-entered.

The positive aspect of this is that the RRD*i* now has the latest, state of the art web site technology and the new forum is php. Looking forward to your volunteering and joining the RRD*i* as a corporate member.

The new RRD*i* private forum has a new url >

<http://www.irosacea.org/forum/index.php>

Brady Barrows
Director
